

# *Keep Loudoun Beautiful*

How can I keep Loudoun beautiful you ask?

There are many things I can do

To keep Loudoun County clean would be a good task  
But not just I can keep Loudoun beautiful, you can too

You can start by recycling bottles, paper, and cans  
and try to clean up trash

There aren't enough trash collecting fans

Some of these things are even worth cash

Saving water is another thing to do

One way is to not take long showers

Also not leaving water on is a thing, too

Finally, only sometimes water your grass and flowers

Another way to help Loudoun is not to litter

Do that and you'll be very bright

If everyone did this Loudoun County would be better

I'll never litter because I know it's not right
