

Keep Loudoun Beautiful

Have you ever heard of Keep Loudoun Beautiful? **Keep Loudoun Beautiful** is an organization where people do things such as recycling, beautification, ecology, and composting to keep Loudoun beautiful. Keeping Loudoun beautiful is necessary because if we don't, Loudoun County might not be here a few years from now.

There are many ways to keep Loudoun beautiful. One way is to recycle paper, plastics, metals, and much more. Another way is beautification. Beautification is simply what it says, you plant flowers and trees, wipe off graffiti, pickup trash, and pick up weeds to make the environment beautiful. Composting can be done in your own yard. Composting is when you get a plastic bin and you put leaves, grass clippings, food scraps, and old dirt and soil in the bin. Eventually all those things will turn into fresh soil to use in your garden. Lastly there are groups that take care of wildlife and their habitats. Doing these small activities can make a big difference.

Keeping Loudoun beautiful is important because everyone wants keep and stay in Loudoun County for a while. Doing the things listed can be really easy. I hope everyone will make an effort to Keep Loudoun Beautiful!
