

Keep Loudoun Beautiful

There are many ways to keep Loudoun beautiful. I am going to plant a pin oak and a white oak tree with my dad. Picking up litter also helps. My Cub Scout troop picked up litter on a back road.

All people can pick up litter and recycle it.

I will start planting a flower garden and a vegetable garden with my dad. I will also turn off the power when I am not using it.

We can keep Loudoun beautiful if we all plant trees, flowers, and vegetables. We also need to pick up trash and recycle. These things will keep Loudoun beautiful forever.
