

Recycling

You can keep Loudoun beautiful by recycling. You can recycle newspapers, plastic ,cans ,water bottles and plastic bags. recycling saves paper and it saves trees. Did you know that you can use bottles and paper for crafts. When you are brushing your teeth you should always turn the water off. Keep recycling bins in your house because you might need to recycle something. You can take stuff to recycling centers. The good thing about recycling is that you can reuse it. If you recycle, it will create less trash. You should put newspaper ,cans, water bottles ,glass ,milk cartons and plastic bags in the right bin. We should all recycle to help our planet.
